Full Spectrum Compact Fluorescent Bulbs

PARALITE
Full Spectrum Compact
Fluorescent Bulbs
Flicker free start and
silent operation

- ParaLite PCF lamps feature flicker-free starting and silent operation.
- These high-efficiency compact lamps pack a real punch with **savings as high as 75%** over standard bulbs and they last up to 10 times longer, cutting utility costs on average of \$75.00 per installed unit.
- Excellent for general, task, and security lighting; can be used in most fixtures where a medium screw base is used. These lamps operate 60% cooler, so you can put them into any open fixture without overheating (cannot be used in enclosed fixtures).

ORDER NOW

- The highest Color Rendering Index of 91+ for seeing true colors.
- The most balanced Kelvin Temperature of 5500.
- The highest light output per watt = 70 lumens. Sunwave bulbs only produce 56 Lumens per watt. ParaLites 26watt bulb is as bright as Sunwave's 32watt bulb.
- The longest life hour rating of 10,000 hrs. (13 times longer than an incandescent lamp). **With a one year Guarantee.**

**Order now and receive up to a 30% discount.
Free Shipping when you buy 12 Pcs or more.
Sale prices reflecting this discount are shown in RED.**

New options - We have just finished manufacturing our vanity globes and capsules that convert these great products into decorative, energy-saving lamps for any open fixture. ****Bulbs with covers are NOT for use in enclosed fixtures or recessed fixtures that are enclosed****

New purchase incentives for a limited time.
* Get free shipping on these decorative options when you purchase them with the PCF 15, 20, 26 & 55 WATT BULBS in quantities of 12 or more.

10 Most Frequently Asked Questions and Answers

You can **mix or match** all PCF lamps to make your 12 pack and receive the lower prices.
